## **Speed, Focus, Motivation**

6 week class \$150

If you are struggling to keep your dog focused and fast on course, come join us for some fun and challenging times! Whether your dog disengages due to stress and anxiety, has too much fun racing through obstacles with no concern for your whereabouts, or just never understood that agility was a speed game rather than a pleasant stroll, this class will help you learn the skills you need to make your team the best it can be. This class is for dogs who are currently competing or almost ready to compete.

## **Right Start Agility**

6 week class \$150

Get it right from the start with this fun and rigorous

approach to teaching agility from the ground up. Our unique program has a proven track record for creating fast, focused and enthusiastic workers who excel in the sport regardless of breed. Solid foundation skills increase your dog's understanding and decrease your frustration. This class is appropriate for dogs and puppies who have no agility experience as well as for dogs who have some agility experience but are not solid on basic foundation skills.

---

### **Recreational Agility**

6 week class \$150

Spend some quality time with your dog burning off excess energy, having fun, and learning new skills. This class is for dogs and puppies of any age, no experience necessary. The perfect winter activity for puppies with cabin fever, or for the more sedate older dog who needs to get in shape. Emphasis is on having fun while learning how to navigate all the agility obstacles.

### **Speedoggie Good Citizen Program**

6 week class \$150

Teach your dog good manners in a positive, fun and motivational environment. A well-behaved dog is happy and confident and a joy to be with. Bring out

the best in your relationship while learning the skills needed to earn the AKC Canine Good Citizen title. In addition to a fostering a wonderful relationship with your pet, teaching basic manners using our positive, scientifically based techniques also gives your dog a solid foundation for any further dog sports you might want to pursue. Dogs will have the opportunity to take the Canine Good Citizen test during class graduation.

## **Foundation in Flow**

6 week class \$150

This class focuses on using foundation skills in sequences and obstacle performance. Perfect both for young dogs who have learned foundation skills on the flat and are just starting to sequence, and for dogs who already are sequencing but need work on basic foundation skills (recalls to side, turns, crosses, independent contact performance). Dogs in this class should have been introduced to contact obstacles and weave poles, but do not need to be proficient or working at full height. Fun, fast paced games and exercises incorporating short sequences will keep dogs engaged while they are learning to master a variety of handling challenges. Older puppies who are not yet jumping full height will be happily accommodated!

---

## **Pre-Competition**

6 week class \$150

This class focuses on getting your team ready for 'prime time'. Handling and course analysis skills are taught while working on polishing obstacle skills. Teams are given the opportunity to run each course multiple times to be able to really practice new concepts.

Dogs should be able off leash and familiar with all obstacles, although they do not need to be proficient.
